PATENT OFFICE NOTICES

Identification of Goods and Services in Trademark Applications

AMENDMENT

The notice entitled Identification of Goods and Services in Trademark Applications which appeared in the Federal Register of July 16, 1971 (36 F.R. 13232) and the OFFICIAL GAZETTE of Aug. 3, 1971, specified an incorrect method of payment for securing a copy of the English edition of "International Classification of Goods and Services to which Trademarks are Applied." Due to problems in international monetary exchange, the British Patent Office no longer accepts an ordinary check drawn on an American bank in dollars. The paragraphs in the identified notice relating to methods of payment (the last two paragraphs and concluding table) should read as follows:

We have been advised by the British Patent Office that the only acceptable methods of payment are by International Money Order or banker's draft, payable in sterling and drawn on a bank in the United Kingdom. Orders for the International Classification and for the supplements can be made by remittance in the following amount(s):

International Classification	50 pence
Nov. 15, 1967, supplement	5 pence
Mar. 18, 1970, supplement	Free
Mar. 3, 1971, supplement	10 pence
Total cost (including postage by surface mail)	65 pence
Additional charge for postage by air mail	1 pound 55 pence
Total cost by airmail	2 pounds 20 pence

Orders should be sent directly to:
